

## Scope

The *Journal of Language Contact* (JLC) is a peer-reviewed journal. It provides a forum for discussion of general perspectives and accepts contributions of any orientation on the principle that reasoned argumentation enriches our understanding of language contact. The journal welcomes articles that focus on the study of language use and language change. Contributions with a theoretical or an empirical approach will both be considered. Articles which involve the association of linguistic, anthropological, historical, and cognitive factors are also welcome.

## Ethical and Legal Conditions

Submission of an article for publication in any of Brills' journals implies the following:

1. All authors are in agreement about the content of the manuscript and its submission to the journal.
2. The contents of the manuscript have been tacitly or explicitly approved by the responsible authorities where the research was carried out.
3. The manuscript has not been published previously, in part or in whole, in English or any other language, except as an abstract, part of a published lecture or academic thesis.
4. The manuscript has not and will not be submitted to any other journal while still under consideration for this journal.
5. If accepted, the author agrees to transfer copyright to BRILL and the manuscript will not be published elsewhere in any form, in English or any other language, without prior written consent of the Publisher.
6. If the submission includes figures, tables, or large sections of text that have been published previously, the author has obtained written permission from the original copyright owner(s) to reproduce these items in the current manuscript in both the online and print publications of the journal. All copyrighted material has been properly credited in the manuscript. For more information on the reuse of figures, please go to [brill.nl/downloads/Rights-in-Images.pdf](http://brill.nl/downloads/Rights-in-Images.pdf).

## Submission

Submissions to JLC should be sent electronically as e-mail attachments (in both Word and PDF format) to the Editor-in-Chief, Robert Nicolai: [nicolai@unice.fr](mailto:nicolai@unice.fr).

Books for review, book reviews and offers of review articles should be sent to:

Robert Nicolai - [nicolai@unice.fr](mailto:nicolai@unice.fr)  
7, rue Neuve  
F-06510 Le Broc  
France

The final draft of a manuscript accepted for publication must be submitted both as hard copy and electronically. Electronic files should be saved in .pdf format. Final versions and printouts must be proofread carefully before submission; please use your spelling and grammar check.

#### *Double-blinded Peer Review*

JLC uses a double-blinded peer review system, which means that manuscript author(s) do not know who the reviewers are, and that reviewers do not know the names of the author(s).

When you submit your manuscript, you should include a separate title page that includes the full title of the manuscript, the name, affiliation, full postal and e-mail addresses of all authors and a short CV (max. 100 words). No author details should be identifiable from the article itself or in the acknowledgements. The names of all files (manuscript, figures, tables, etc.) and the document properties should also be anonymized.

## Submission Requirements

#### *Language*

Articles should be written in English or French. Spelling should be consistent throughout.

#### *Length*

Manuscripts should not exceed 12,000 words (full-length original articles), 2,500 words (book reviews) or 8,000 words (review articles).

#### *Font*

Use a normal, plain font (e.g. 12-point Times Roman). Do not use desktop publishing features such as justification, centering, automatic numbering, etc.

Manuscript pages should be numbered consecutively, single-spaced with wide margins on all sides (use ragged rather than justified right margins). Do not hyphenate words at the end of a line.

#### *Transliteration and Non-Roman Script*

All linguistic data must be transliterated. For glosses the [Leipzig Glossing Rules](#) (see Appendix) should be followed. More specific font guidelines can be found on the Brill Author Gateway at: [brill.nl/Author\\_Gateway](http://brill.nl/Author_Gateway).

## Manuscript Structure

Papers that are submitted for initial consideration should be complete, including all notes, bibliographical references, tables, etc.

Articles should be assembled in the following order: *title page, abstract, keywords, introduction, content-related sections (each section with an appropriated *numbered heading text*), conclusions, acknowledgements, appendices, reference list, tables, figures* (grouped together).

For general rules on style, see the *Chicago Manual of Style* ([chicagomanualofstyle.org/home.html](http://chicagomanualofstyle.org/home.html)) or the MLA Style Guide. The journal reserves the right to conform contributions to its style.

### Headings

Please make sure that each level of a heading is clearly numbered. The level of headings should be restricted to two. First level headings in **bold**, capitals for first letter of main words (Abstract, Introduction, Results, Discussion, Acknowledgements, References or other variants if appropriate), flush left, separated by blank lines from the text.

Second level headings in *italic*, capitals for first letter of main words, flush left, and separated by blank lines from the text.

Third level headings are as for second level headings, but without an empty line separating them from the text that follows.

### Paragraphs

Indent new paragraphs, except after headings. Do not separate paragraphs by an empty line.

### Italics

Text in italics should only be used for emphasis, cited data, and second and third level headings. Use only italics, and not use underline or bold, except for in first level headings.

### Capitalization

Capital letters should only be used for the first letter of main words of title and headings, first letters of sentences, first letters of proper names and first letters of specific words (e.g., Table, Fig.) that should be emphasized.

### Abstract and Keywords

Articles should include a short abstract (150-250 words) and 2-6 keywords (in lowercase letters) to be placed below the abstract for indexing purposes. Should the article be in French, than the abstract and keywords should still be in English.

### Footnotes

JLC uses footnotes, not endnotes.

### Text Citation and References

Authors are responsible for the accuracy for supplying complete and correct references.

### Text Citations

Text citations should be given as follows:

Surname ( 2011, pp: 1-20)

Breiner (1996: 158-167) or (Breiner, 1996)

In-text references to more than one author should be as follows:

(Wierzbicka, 1991; Montes, 1999: 36)

### References

The full details of references should be given in a list of reference list in the final section of the article, entitled "References". This list should be in alphabetical order as follows:

### Quotations

Use single quotation marks for quotes within quotes and for translations within glosses. Spelling within quotes should reflect the original.

### Block Quotes

Quotations exceeding 40 words should be displayed in left-right indented form, as a separate paragraph, single-spaced and without quotation marks; while shorter ones should be retained (with quotation marks) within the body of the text.

### Cited Data

For cited data (including English) in the body of the text, use the following: The gloss follows, without a comma, in single quotes.

### Numbered Examples

Indent all numbered examples and enclose each number in parentheses; and use such parenthesized numbers also in the body of the text whenever reference to such examples is made.

For conventions on interlinear morpheme-by-morpheme glosses we refer to the *Leipzig Glossing Rules (LGR)*; please refer to the Appendix. Note that the most recent version of the LGR can be found at: [eva.mpg.de/lingua/resources/glossing-rules.php](http://eva.mpg.de/lingua/resources/glossing-rules.php).

### *Original Data*

Italicize original data from any attested language. Asterisked forms pertaining to reconstructed or hypothetical languages are not italicized.

### *Figures and Tables*

All figures and tables must be cited consecutively in the text.

#### *Figures*

References to figures in the text should consist of the complete word only at the beginning of a sentence and in the figure captions; otherwise the abbreviations “Fig.” or “Figs” are used.

Examples: Fig. 1, (Fig. 1), Figs. 1, 2.

Figure captions should not be attached to the figures but should be on separate sheets at the end of the manuscript.

Figures should be numbered with Arabic numerals and include a title.

Figures should be submitted as separate source files in .eps, .tif, or .jpg format, in a size suitable for the typesetting area of the journal which is 110 x 175 mm. The resolution of these files should be at least 300 dpi for half-tone figures, and 600 dpi for line drawings. Number the files, and indicate in the manuscript where they are to appear (Fig. 1 here).

The text in a figure must be legible, and should not be smaller than corps 7. The size of this lettering for any text in a figure should be the same for all figures in the manuscript.

#### *Tables*

References to tables should consist of the complete word, first letter capital (also in the middle of a sentence or in brackets) plus number in Arabic numerals. Examples: Table 7 or (Table 7).

Tables should be kept as simple as possible. Use of bold type and capitalized words must be avoided. Vertical lines are not allowed and horizontal lines must be limited to the minimum, data ordered in a convenient way. Tables should be numbered with Arabic numerals and include a title. The title should give all details that are needed to understand the table.

## Publication

### *Proofs*

Upon acceptance, a PDF of the article proofs will be sent to the author by e-mail to check carefully for factual and typographic errors. In the event of a multi-authored contribution, proofs are sent to the first-named author unless otherwise requested. Authors are responsible for checking these proofs and are strongly urged to make use of the Comment & Markup toolbar to note their corrections directly on the proofs. At this stage in the production process only minor corrections are allowed. Alterations to the original manuscript at this stage will result in

considerable delay in publication and, therefore, are not accepted unless charged to the author. Proofs should be returned promptly within the period requested.

### *E-Offprints*

A PDF file of the article will be supplied free of charge by the publisher to authors of article or reviews for personal use. Brill is a RoMEO green publisher. Authors are allowed to post the pdf post-print version of their articles on their own personal websites free of charge. This means they can show the article exactly as it appears in print. The institute employing the author is allowed to post the post-refereed, but pre-print version of articles free of charge on its repository. The post-refereed, pre-print version means the final accepted version of the manuscript before typesetting.

## Consent to Publish

### *Transfer of Copyright*

By submitting a manuscript, the author agrees that the copyright for the article is transferred to the publisher if and when the article is accepted for publication. For that purpose the author needs to sign the Consent to Publish which will be sent with the first proofs of the manuscript.

### *Open Access*

In case the author wishes to publish the article in Open Access he/she can choose the Brill Open option, which allows for a non-exclusive Open Access publication in exchange for an Article Publishing Fee, and sign a special Brill Open Consent to Publish.

More information on Brill's policy on Open Access can be found on [brill.nl/open-access-policy](http://brill.nl/open-access-policy). The Brill Open Consent to Publish can be downloaded from [brill.nl/downloads/BrillOpen-Consent-to-Publish.pdf](http://brill.nl/downloads/BrillOpen-Consent-to-Publish.pdf).
